SPRINGFIELD

West Springfield, Longmeadow

DIRECTORY

1958

Combining Five Distinct Directories:
Governmental Directory—City, County, State and Federal.
Buyers Directory—A local source of sales and service.
Classified Directory—Business, professional and social.
Alphabetical Directory—Names, occupations and addresses.
Numerical Directory—Streets, householders and business.

SECTION 28, COPYRIGHT LAW.

IN FORCE JULY 1, 1909.

That any person who willfully and for profit shall infringe any copyright secured by this act, or who shall knowingly or willfully aid or abet such infringement, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by imprisonment for not exceeding one year, or by a fine of not less than one hundred dollars nor more than one thousand dollars, or both, in the discretion of the court.

Water Heat and Refrigeration—First 500 cu. feet at $2.45; next 500 feet at .25 cents per 100 cu. feet; anything above is 16 cents per 100 cu. feet.

Heating Rate—First 500 at $2.45; next 500 feet at 25 cents per 100 cu. feet.
Next 2,500 at 16 cents per 100 cu. feet.
First 60 hour use of demand at 15½ cents per 100 cu. feet.
Over 60 hours use of demand at 12½ cents per 100 cu. feet.
1,000 B.T.U. Natural Gas replacing 581 B.T.U. Manufactured Gas.

WESTERN MASSACHUSETTS ELECTRIC LIGHT RATES, JANUARY 1, 1958

Residential Schedule A-1—First 12 KWH or less, $1.00; next 88 KWH at 3½ cents per KWH; balance over 100 KWH is 2.8 cents per KWH.

Optional Residential Schedule A-H—The standard energy rate is the first 400 KWH or less computed at rate of available residential schedule. All over 400 KWH at .021 cents per KWH. Inducement energy rate—all KWH's used between 11:30 P.M. and 7:00 A.M. or such other hours as the company may deem advisable but not less than 7½ hours daily shall be at the rate of .013 cents per KWH.

Water Heating—for off-peak storage water heating—first 50 KWH, 3 cents per KWH; over 50 KWH, 1 cent per KWH.

FINANCIAL SITUATION

Though having one of the lowest municipal tax rates in Massachusetts, Springfield has been continuously developing without unduly burdening the public and has a total outstanding net bonded indebtedness of but $14,154,000. Economy is the rule of Springfield's administration though large appropriations for permanent improvements are made yearly. Springfield has five commercial banks and six savings banks; additional banks: two Co-op., one Federal Land Bank. Due to its being so accessibly located Springfield was chosen as the logical location for the establishment in New England of the district branch of the Federal Farm Loan System.

MASSACHUSETTS MUTUAL LIFE INSURANCE COMPANY 1295 State Street, Springfield

The Massachusetts Mutual Life Insurance Company was founded in 1851 and is one of the oldest companies in the industry. It now has 100 general agencies, 32 group insurance offices, and 10 mortgage loan and real estate offices in key cities throughout the United States and the Territory of Hawaii.

With assets of over $2 billion, the Massachusetts Mutual today ranks 10th among the more than 1,200 life insurance firms in the nation. The company's life insurance sales have more than trebled in the past decade and currently total nearly a billion dollars annually. The Massachusetts Mutual has more than $6 billion of insurance in force, protecting more than one million persons, and in excess of $2 billion has been disbursed to policyholders and beneficiaries since the company was organized. Described as "particularly a policyholder's company, "the Massachusetts Mutual enjoys a nationwide reputation for the quality of its policy contracts and service and its outstanding professional sales force.

Springfield possesses every type of amusement and recreation offered in cities of its size —theaters, dancing salons, boating, canoeing, golfing, tennis—all of these are available. Supervised recreation for children is made possible through the very efficient work of the Springfield Park Department, which operates 149 public playgrounds, lands and parks covering more than two thousand acres.

Springfield College Memorial Field House, dedicated in February, 1948, to Springfield College Students and Alumni who died in World War II.

THE CROSSROADS OF NEW ENGLAND

Springfield is the center to which tourists come over excellent highways, and through which they pass enroute to Maine, New Hampshire, Vermont, as well as to points of interest in Eastern Massachusetts.

Springfield is a trading center for a population estimated at 656,742. To the community are attracted these persons who seek adequate shopping facilities, excellent stores, fine restaurants and hotels.

The industrial prestige of the city has been developed as a result of the skill of its workers in mechanical trades. It is in a sense an agricultural base, for here are located the Eastern States Farmers' Exchange, the Hampden County Improvement League, and many other agencies working co-operatively for the development of agriculture throughout all of New England.

Springfield is the Western Gateway to New England, and the most easily accessible city in New England from points outside thereof. During 1957, 663,000 persons attended 45 conventions, trade shows and the Eastern States Exposition. The Greater Springfield Chamber of Commerce operates a Convention and Visitors Bureau which actively solicits convention business and renders a maximum of co-operation to convention groups meeting in this city; it has for more than sixty years functioned in a capacity as a counsel and guide not only to citizens of the community, but to those from other cities seeking information or advice about the city.

It is ready to co-operate in every practicable way to assure interested persons that they will receive adequate and reliable information concerning the community and its activities.

ADVANTAGES AND CLAIMS

In summation Springfield has developed a balance of beauty, education, finance, industry, commercial and recreation.

THE CITY TODAY

Springfield, Massachusetts was settled in 1636, as a result of the efforts of William Pynchon and a band of faithful followers who sought the fertile valleys in this part of the country, for homesteading purposes. It was made a town May 14, 1636, and incorporated a city May 25, 1852.

The city and area have grown to a community having a population estimated to be 424,000. Springfield is 89 miles from Boston, 103 miles from Albany, and 135 miles from New York City. Immediately surrounding Springfield are numerous smaller towns and cities, including West Springfield, Longmeadow, East Longmeadow, Wilbraham, Ludlow and Chicopee.

Springfield has, since the last part of the eighteenth century, been continuously developing as a manufacturing center, although surrounded by communities agricultural in character. The industry of the community is of varied quality. The skill of workmen to be found here has developed the popularity of the community as an industrial section for the manufacture of many varied products. For the most part, raw materials and supplies are transported to the city. The location of the city nearly equidistant from the three large centers—Boston, Albany and New York—is an enviable one.

The rolling hills rising from the Connecticut River Valley provide excellent residential sections.

The prevailing meteorological conditions give Springfield typically New England seasons with charming summers and cold winters.

SERVICE INSTITUTIONS

Springfield is fortunate in having a group of public utility organizations which aid, in the development of the community. Under the municipality, there operates a Springfield Water Works the activities of which provide the community with excellent drinking water, piped to the city from the eastern foot-hills of the Berkshires. An excellent reservoir system of great capacity provides a flow adequate to care for the city for many years to come.

Springfield has long been recognized as a community in which the educational facilities are of an unusually high standard. The public schools' program is most complete and leads the pupil through the primary grades and junior high schools into one of four high schools of excellent standing and character. In the first—the Classical High School the curriculum is of an essentially academic character, providing for the continuance of education in the academic colleges and universities. The second—the Technical High School—is fundamentally an engineering school and offers courses leading directly to industrial work or into the higher engineering colleges. The third—the High School of Commerce—prepares the pupil thoroughly for a business career and also for entering into a limited group of colleges. The fourth—the Springfield Trade High School prepares the pupil for industrial employment.

Springfield has dwelling units for 47,414 families and has long been known as a community of home lovers. The environment which has been created is a result of a mixed population, possessing many natural advantages and proving pleasing to all. Abundance of water power in the valley has caused erection of enormous hydro-electric stations with the result that reasonable electrical rates prevail and all homes enjoy the use of electricity with its

THE QUADRANGLE

The historical and educational center of Springfield. Located in the heart of the city, State st and Chestnut st rear of library. Here the latest books or the oldest paintings may be enjoyed by everyone. In the Quadrangle are located the Museum of Fine Arts, the Connecticut Valley Historical Museum (William Pynchon Memorial Building), the Museum of Natural History with Seymour Planetarium, the George Walter Vincent Smith Art Museum, and the City Library.

advantages. There are many community civic organizations, each of which was formed for the definite improvement of its part of the city.

Freight rates prevail for the shipment of raw materials and finished products into and from the city on a basis which permits our manufacturers to compete with others in similar lines in other parts of the country.

CONSUMING POWER

Farm products valued at approximately $10,017,172 were raised in Hampden County in 1954 and consumed mostly in this area. $187,060,733 worth of stoek and materials was used in our factories in 1953. Springfield is foreed to import from outside all basic raw materials and depends on its skilled labor and native ingenuity in fabrication to maintain its industrial position.

INDUSTRIAL SITUATION

The latest available statistics for the Springfield area (Hampden County) show 840 industrial establishments making as many different lines, paying gross annual wages of $292,534,000, employing 72,435 people. Many of these factories manufacture products known the world over and spread the fame of Springfield into all countries. Westinghouse Motors and Boseh Magnetos, Smith & Wesson revolvers, Springfield rifles, Absorbine Junior liniment, Monsanto chemical produets, and Milton Bradley games and toys, Breck hair preparations and Buxton billfolds are typical examples. Industry in Springfield is highly diversified though the

SPRINGFIELD TRADE HIGH SCHOOL

manufacture of electrical goods and equipment slightly predominate in value all other lines. Skilled artisans can usually find steady employment in Springfield due to this condition.

THE SPRINGFIELD (U. S.) ARMORY (Entrance on Federal Street) on a rise commanding the city and river was established in 1789 by George Washington. Here is the home of the famous "Springfield Rifle" which has given Springfield the title of "Rifle City." Basic mechanical skills developed here by generations of metal workers have made Springfield the "Cradle of Craftsmanship" in America. The public may visit the grounds and buildings by arrangement with the Office of Public Information.

SMALL ARMS MUSEUM on the grounds of the Springfield (U. S.) Armory is considered one of the finest of its kind in the world. It was after visiting this museum that Longfellow wrote his famous poem, "The Arsenal at Springfield."

Entrance to the Administration Building, Springfield (U. S.) Armory, whose site was selected by George Washington in 1789.

RETAIL TRADE

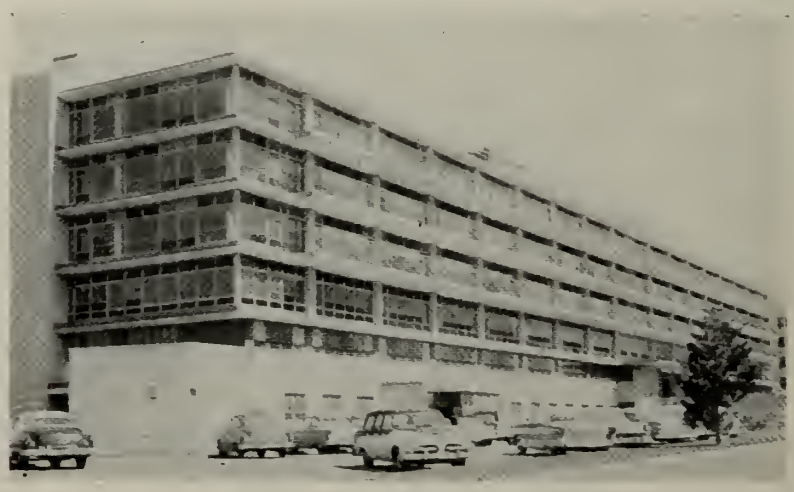
While Springfield has an estimated population of 168,500 people, its retailers serve a territory containing 656,742 population. Springfield retail sales for 1957 are estimated to be $268,749,000. The two main department stores of Springfield do an annual business in excess of $26,000,000. The large proportion of merchandise carried in Springfield is of a quality nature.

WHOLESALE TRADE

Springfield is served north, east, south and west by trunk line railroads and it has consequently become a well-known jobbing center. Stocks carried in Springfield cover practically every well-known product manufactured in the United States applicable to the northern climate. Springfield is the distributing center for all of New England for many items.

CIVICS AND WELFARE

Of outstanding value is the work done by the City Planning Board through whose efforts a definite arrangement for the control of the future growth and development of the city is projected and maintained.



HOSPITALS

Hospital facilities are more than complete, for the community is fortunate in possessing four hospitals caring for general cases, two hospitals maintained particularly for the care of maternity cases; and one hospital for diseases requiring isolation, erected by the city at a total cost of approximately $750,000. Beautifully modern, a wing of the Springfield Hospital, erected at a cost of $2,500,000, was opened late in 1931. Springfield is fortunate also in being the home of the Shriners' Hospital for Crippled Children for the whole New England

area. Medical and surgical treatment may be had from many physicians and surgeons of repute. New Wesson Maternity Hospital opened in September, 1953 at a cost of approximately $2.000,000. New Municipal Hospital costing approximately $6,000,000 was opened in early summer 1954.

The Springfield Hospital and newly completed Wesson Maternity Hospital, the most modern in the country. Springfield Hospital has facilities for 373 patients and the Wesson Hospital has facilities for 203 patients. Wesson Maternity, 90 beds, 106 bassinets.

SPRINGFIELD MUNICIPAL HOSPITAL

SPRINGFIELD MUNICIPAL HOSPITAL—A modern all-glass-front hospital which meets the specifications of the United States Department of Public Health. It has 650 beds and is operated by a Board of Trustees made up of two doctors from each of the three local general hospitals, in addition to the City of Springfield's Commissioner of Public Health. On the staff are rotating surgeons, general practitioners and specialists in all fields of medicine who serve without pay. It has all types of operating rooms and laboratories, a large auditorium with stage and loud speaking equipment, and 3 chapels, just a few of its many facilities.

Health and sanitation are carefully guarded. Through our school system the health of the children is given more than adequate attention.

CHURCHES

OLD FIRST CHURCH ON COURT SQUARE stands on the site of the original meeting house built in 1645. The present chapel, designed after the manner of Christopher Wren, was built by Isaac Damon in 1819.

PARKS

Mountain Goats from Asia are seen at the Zoo in Forest Park.

FOREST PARK, one of the foremost natural parks in the country, covers 756 acres. Here are more than 30 tennis courts, well-kept baseball diamonds, a perfect lawn bowling green, and groves, remaining much in their natural state which conceal many secluded benches and tables for picnic parties. Here, too, is a zoo with lions, deer, buffalo, monkeys and birds. Porter Lake, where boating and fishing may be enjoyed, is within the park. In season can be seen iris, mountain laurel, rhododendron, roses and unique among the waterflowers, the Egyptian Lotus.

BARNEY INDUSTRIAL EXHIBIT (In Forest Park) contains industrial exhibits of Greater Springfield manufacturers showing their early and modern products. Open to the public **daily** from 1 p. m. to 4:30 p. m. **including Sunday.**

The Shriners' Hospital for Crippled Children, Springfield, Massachusetts, owned and operated by the Ancient Arabic Order Nobles of the Mystic Shrine was opened in 1925.

This hospital, one of seventeen such institutions, has a 60 bed capacity and serves the New England States area together with central and eastern New York State. Approximately 286 children under 14 years of age and regardless of race, creed, or color, are hospitalized each year. During 1957, 3,323 examinations and treatments were given in the out-patient department.

The Springfield unit has established an outstanding record since its opening in 1925. 9,714 children have been admitted for treatment and 8,892 patients have been examined and treated in the enlarged out-patient department that has a record of over 104,533 out-patient visits.

The hospital operates with a paid staff which includes doctors, nurses, nurses' aides, director, assistant director, brace maker, custodians, firemen, maids, kitchen and diningroom personnel, office personnel, X-ray technicians, physiotherapists, occupational therapist, recreational therapist and laundry personnel.

McGown Memorial Library at American International College built in 1949. Known as one of the most modern and well-equipped small college libraries in New England.

SPRINGFIELD GOVERNMENTAL DIRECTORY

Tuesday following First
Monday in November
Odd Years

City Government
Organized First Monday
in January

MUNICIPAL BUILDING

City Officers

Mayor—Thomas J. O'Connor, Jr.; Clerk, George Fitzgerald.
City Clerk—Clifford F. Smith; Assistant City Clerk, Rose A. Pollard.
City Collector—James J. Murphy.
City Treasurer—Francis E. J. Callaghan, Asst. Treas., A. Omer Moulton.

BOARD OF ALDERMEN

President—Raymond F. Sullivan.
1st Ward—Arthur J. McKenna.
2d Ward—Daniel J. Sullivan.
3d Ward—John Morg Foley.
4th Ward—Victor W. White.
5th Ward—Edward F. O'Neil.
6th Ward—John F. Murphy, Jr.
7th Ward—Raymond F. Sullivan.
8th Ward—Justin G. Cavanaugh.
Clerk—Clifford F. Smith.

COMMON COUNCILMEN

President—Paul R. Mason.
1st Ward—Michael Tancrati, John J. Connolly.
2d Ward—Francis A. Doyle, Harold J. H. Walsh.
3d Ward—Genaro G. Sarno, James L. Grimaldi, Joseph Bonavita.
4th Ward—Frank J. Langone, Anthony A. Gentile, Paul R. Mason.
5th Ward—Paul E. Affleck, Tycho M. Petersen.
6th Ward—Stuart G. Waite, I. Willard Norkin.
7th Ward—Dana L. Coulson.
8th Ward—Yvon J. Letendre, John E. Flanagan.
Clerk—Frank A. Lindquist.

CITY COUNCIL COMMITTEES

Board on Claims—The Mayor, Paul R. Mason and Councilman John F. Murphy, Jr.
City Property—Alderman John M. Foley, Councilmen John J. Connolly and Stuart G. Waite.
Comics Regulation—Bessie A. Nye, Rabbi Moses D. Sheinkopf, Rev. John P. Lucey, Rev. Bryan F. Archibald and Chief of Police Raymond P. Gallagher.
Expressway Committee—Alderman Raymond F. Sullivan, Councilman James L. Grimaldi; Planning Board Engineer, Supt. of Streets and Public Works Engineer.
Finance—The Mayor, Alderman Arthur J. McKenna, Councilmen Paul R. Mason, Tycho Petersen and Frank J. Langone.
Fire Commission—Aldermen Arthur J. McKenna, Daniel J. Sullivan, Councilmen Tycho Petersen, Frank J. Langone and Paul E. Affleck.
Indemnification—John M. Foley, Chairman of Retirement Board and City Solicitor.
Independence Day—Aldermen John F. Murphy, Jr. and Edward F. O'Neil, Councilmen I. Willard Norkin, Frank J. Langone, Dennis J. Brunton, William P. Forrest and June Hamel.

MUNICIPAL WATER WORKS

The works are In charge of a board of Water Commissioners consisting of Louis J. Gentile, George T. Horne, Chairman and Mayor Thomas O'Connor. Martin J. Shaugnessy, Superintendent; clerk and water registrar, John W. Costigan; Peter C. Karalekas, chief engineer. Office, (319) City Hall. Service huilding and Yard, 71 Colton. Office hours 8:15 a.m., to 4:45 p.m. Monday thru Friday. Telephone: (applications and information) RE 6-2711; (work and trouble calls, day or night) RE 2-5188. The supply of water is taken from the Little River watershed (situated principally in the towns of Blandford, Granville and Russell) and hy means of the following storage structures:

	Capacity in Gallons.
Borden Brook Reservoir (impounding	2,500,000,000
Cobble Mt. Reservoir (impounding)	22,829,000,000
Intake Reservoir (diverting)	40,600,000
Sedimentation Basin (before filtering)	38,700,000
Provin Mountain Reservoir (after filtering)	29,280,000
Total	25,437,580,000

The former supply from impounding reservoirs in Ludlow and Belchertown is also retained at present for towns of Ludlow and Wilbraham and for emergency uses, and with its storage capacity of 1,434,218,000 gallons make an aggregate capacity of 26,871,798,-000 gallons.

Range of pressure on mains for day and night, as follows: Main street level, maximum, 147 pounds, average, 140 pounds. Hill section level maximum 87 pounds, average, 80 pounds.

The entire supply of city water to any premises is furnished hy meter only and at meter rates; the necessary meters are installed by the water department at expense of the consumers for the initial cost of the meters and connections only.

The cost of ordinary care and repair of all meters is borne hy the water works; the cost of unusual repairs

(necessitated by freezing, hot water, etc.) due or attributable to any carelessness, or neglect on the part of the consumer, will be charged to the consumer or owner.

METER RATES

(Subject to all rules and regulations)

For each 100 cubic feet (748 gallons) of water as registered or estimated for each meter the rates shall be as follows:

Quarterly for each meter 1 to 5,000 cu. ft., .24 cents per 100 cu. ft., 5,000 to 60,000 cu. ft., .16 cents per 100 cu. ft.; all over 60,000 cu. ft., .09 cents per 100 cu. ft.

The minimum quarterly water charges for each meter will be as follows:

Meter Size Min. Quarterly Chg.		Meter Size Min. Quarterly Chg.	
½" and ⅝"—	$ 2.50	3"—	$ 25.00
¾"—	3.00	4"—	50.00
1"—	5.00	6"—	100.00
1¼"—	8.00	8"—	150.00
1½"—	9.00	10"—	200.00
2"—	15.00		

Fire Line Meter (All Sizes, 6.00)

The above increased rates will become effective for your district with our next bill to you which will be dated June 1, 1957.

Each quarterly period will be computed and charged for independently of any other quarterly period and the rates therefore shall be paid accordingly.

When a meter from any cause fails to register the consumption of water, the quantity shall be estimated and the charge made based upon the registration by the meter when in order or upon the registration for corresponding prior quarter or period.

Miscellaneous and Temporary Uses—In certain cases of miscellaneous and temporary uses of city water, where the quantity used may be small, the charge for same may be estimated instead of being shown by meter, at the discretion of the Water Registrar and the Supt.

The Water Registrar shall have the right to require an advance deposit as security for the payment of water bills, when he shall consider it for the interest of the city to do so; such deposit not to exceed a year's minimum rate for the property to be supplied or a reasonable estimate of the probable annual amount of such bills.

All bills due the City on account of the Municipal water works shall be payable at the office of the City Collector, Room 137, Municipal Building, Court and Pynchon streets within twenty days after the same are rendered and become due.

Inquiries and claims for correction should be made at the office of the Water Registrar, Room 319, Municipal Building.

Delinquent water bills are a lien on real estate.

I AM

I sit in the castles of business and at the hearthstones of many homes, mighty in my power to serve.

Through me is the power to make people talk with intelligence concerning their communities.

With extended hand I guide the wearied traveler, and to others shorten the distances between destinations.

In me abides the essence of democracy, as side by side is found all nationalities, rich and poor alike.

With uncanny certainty I unite long-lost friends and make glad the missing heirs.

Through me are protected the law-abiding by tracing the criminal to his hiding place.

Through me, in the friendliest way, new trade channels are opened.

I am the key that unlocks the gate to what your community is, for all who would pass its portals.

Advertisers Who KNOW

That which makes any advertiser's approval worth while is the prominence he has attained in his particular line of work.

The *advertisers in the Directory* are competent judges on the subject of advertising mediums—the fact that they approve of *Directory advertising* is evidenced by their continued patronage.

FISHING IN THE RIGHT SPOT ?

Have you ever noticed a dejected fisherman sitting for hours, without even a nibble — and the small boy fifty feet away pulling in the big ones?

It's just a case of fishing in the right spot. The directory is the right spot for your advertising — it will produce the results — the big ones.

use your Directory - the **RIGHT SPOT**

METAL-CRAFT SERVICE

—●—

Every dealer and garageman knows the importance of giving good and prompt service to his customers. In many instances their efforts depend on how they are served themselves. Radiator service is one that you depend on and we are offering to you the following:—

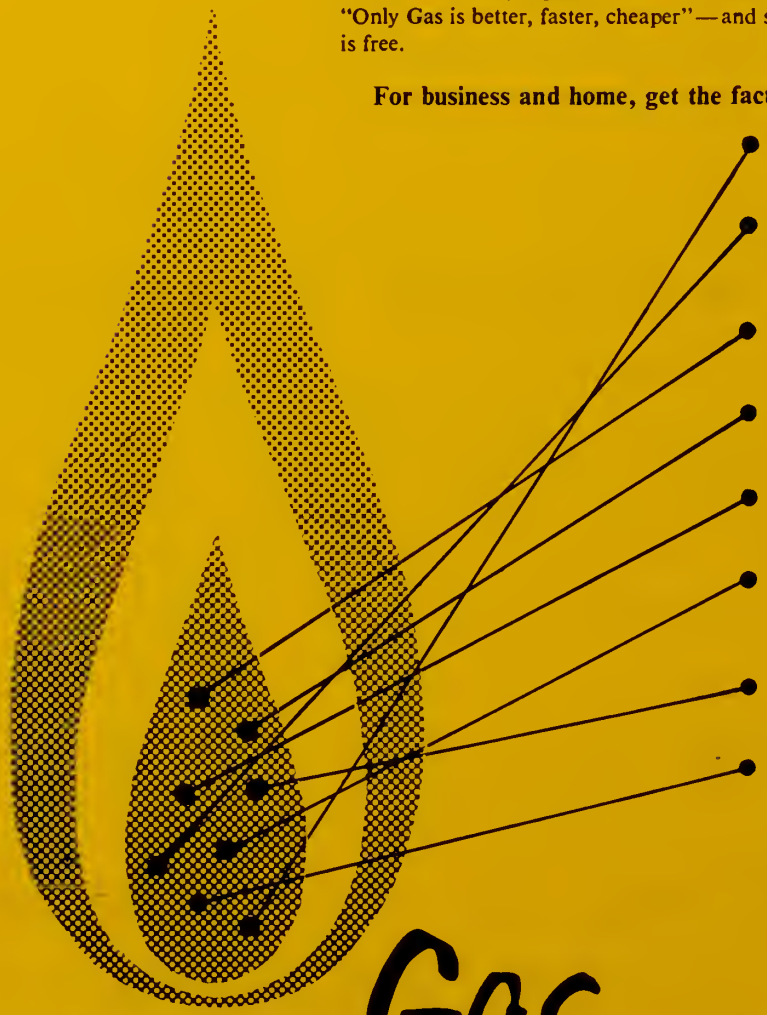
Gas–Domestic and Industrial



Gas

THE MODERN INDUSTRIAL, COMMERCIAL and RESIDENTIAL FUEL

Operation of a modern plant or store requires top grade services — they are important to profits, employee morale and customer satisfaction. **Gas** is the modern fuel for heating, air conditioning, water heating and various special uses. **Gas** can make money and friends in the long run — that's the reason why so many businessmen are including **Gas** equipment in their remodeling or building plans.

Your home, the house where your family can live and enjoy modern comfort in safety is an important mark of a man's success. It is natural that **Gas**, the modern fuel, is preferred for so many uses. "Only Gas is better, faster, cheaper"—and service is free.

For business and home, get the facts about Gas, for . . .

Central heating — clean, silent, service free

Air conditioning — modern, efficient, simple

Incineration — fast, clean, inexpensive

Refrigeration — quiet, dependable, economical

Water heating — low cost, fast, effective

Space heating — portable or stationary, economical

Cooking — fast, modern, dependable

Special uses — call us for any special fuel problem you have—our engineering department is at your service to help you get the best answer

Manufacturing Department

SPRINGFIELD PRODUCTS are known the world over. The following pages are an index to the wide range and variety, the kind and quality of manufactured articles produced in this great and growing city. As a distributing center for Western New England and Eastern New York, Springfield offers exceptional advantages. A live, progressive Chamber of Commerce, a large market of skilled labor, and splendid railroad facilities — insure progress, prosperity and publicity to the City of Homes. When doing business with concerns advertised in the following pages, please mention the City Directory.

PROGRESS WITH PLASTICS

At the dawn of another year. PLASTICS *promises a bright future of achievement* in the field of DEFENSE, DOMESTIC and INDUSTRIAL endeavors.

SOME OF THE MANY THINGS PRODUCED AT OUR PLANT –

- ★ Various Items for Defense Material including Aircraft Parts and Windows
- ★ Housewares
- ★ Novelties
- ★ Games
- ★ Industrial and Commercial Packaging Products
- ★ Automobile Ornaments
- ★ Instrument Dial Frames
- ★ Screwdriver Handles
- ★ Electric Plug Casings
- ★ Electric Clock Dials
- ★ Pneumatic Carrier Tubes
- ★ Water Balls for Duplicating Machines
- ★ Refrigeration Control Knobs
- ★ Templates for Adding Machines
- ★ Television Knob Panels
- ★ Dial Crystals
- ★ Radio Dials
- ★ Radio Cabinets
- ★ Saw Handles
- ★ Cutlery Handles

Our MODERN facilities and our engineering Staff are available for helping you PROGRESS with PLASTICS.

Let us solve your packaging problems with plastics.
Due to the versatility of plastics today many metal parts can be replaced by plastics.
Let us help you in selecting the right plastic to do the right job.

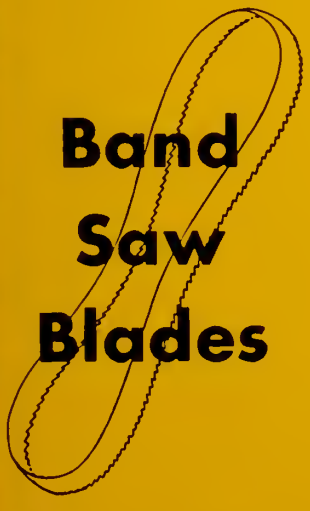
THE

LENOX FAMILY

OF

METAL CUTTING SAWS



Hack Saw Blades

Hackmaster — UNBREAKABLE HAND BLADES — made of Molybdenum High Speed Steel — backs toughened so as to give them flexibility, and teeth edges hardened for durability.

High Speed — Genuine 18-4-1 High Speed Steel Hand and Power Blades, possess excellent cutting properties, great wearing and abrasive resistance qualities.

Mo-Speed — Hand and Power sizes. Molybdenum High Speed Steel Hack Saws — have unusual toughness in relation to their hardness, keen cutting edges, high efficiency.

Standard BLADES, hand sizes, the ordinary grade of hack saws made better. Can be furnished in the solid all hard type or the hard edge flexible back style.

Band Saw Blades

Hard Edge Flexible Back — our special heat-treating method tempers only saw teeth, producing an unusually hard cutting edge — used for hard and soft steels and non-ferrous metals.

Diemaster Narrow Metal Band Saw Blades in 100 foot coils for use on Do-All, Grob, Tannewitz and other band sawing machines — for accurate contour work and straight cutting. Packaged in our Safety Box.

Skip-a-Tooth — file-hard teeth designed with extra long gullet — ideal for soft sticky metals, hard and soft woods, plastics, and like material.

Wood Cutting BAND SAWS — Saws which retain their keen edge longer — give more cuts per saw — cut straighter and last longer than the ordinary Wood Band Saw.

New Family Addition — Lenox Precision — Master Ground Flat Stock

Common Sense

About City Directory Circulation

THE true value of advertising circulation is *circulation consulted.*

TO be exact by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

TO be conservative we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR every thousand directories sold there will be an average of three and one-half daily consultations for each book for *three hundred and five days,* therefore—

1000 x 3½ x 305=
1,067,500

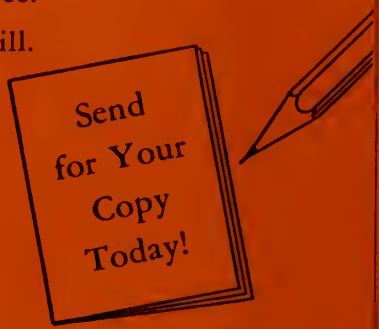
THE **GUARDIAN** LIFE INSURANCE COMPANY **OF AMERICA**

A MUTUAL COMPANY • ESTABLISHED 1860



A Valuable New Book...

...for Your Personal Use

Your Estate...Large or Small...IS YOURS!

- Why work . . . save money . . . accumulate property . . . run a business . . . buy life insurance . . . pay taxes . . . and not take every possible advantage allowed by law to conserve for yourself and your family what is rightfully yours and theirs!
- *"Your Aid in Estate Planning"* will help you in determining your estate objectives. It will assist you in arranging a plan that will carry out those objectives with the least delay and loss of estate assets.
- This valuable new book will help you crystallize your thoughts and plans in regard to your over-all estate problems:
  - It is written in clear and simple language.
  - It deals with the protection and disposition of Business interests.
  - It points up the problem of estate taxes.
  - It provides tax charts and tables for your use.
  - It helps you get the most out of your life insurance.
  - It is of value in the drawing or revising of your will.
  - It takes the mystery out of estate planning.
- Regardless of how large or how small your estate may be, the way you plan it may well determine the future security and well being of yourself and your family.

FISHING IN THE RIGHT SPOT ?

Have you ever noticed a dejected fisherman sitting for hours, without even a nibble — and the small boy fifty feet away pulling in the big ones?

It's just a case of fishing in the right spot. The directory is the right spot for your advertising — it will produce the results — the big ones.

use your Directory - the RIGHT SPOT

Common Sense

About City Directory Circulation

The true value of advertising circulation is *circulation consulted.*

To be exact by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

To be conservative we will eliminate the sixty Sundays and Holidays when no tests were made.

For every thousand directories sold there will be an average of three and one-half daily consultations for each book for *three hundred and five days,* therefore—

1000 x 3½ x 305 =

1,067,500

Consultations or

Circulation Consulted
